

SHYAM PAN CORNER

A LITTLE TRADITION, A LOT OF LOVE.

The Paan Menu

10 fresh-folded favourites for everyday treats and celebrations

A leaf for every kind of occasion.

A concise menu of classic, floral, chocolate and celebratory paan ideas. Each price is a suggested retail price in Indian rupees; confirm local costs and update the menu before publishing.

INGREDIENT & REVIEW NOTE

Preparation notes in this sample menu exclude tobacco and areca nut (supari). Areca nut and betel quid are classified as carcinogenic to humans by IARC, including betel quid without tobacco. Keep ingredient and allergen information visible; several fillings contain tree nuts or dairy. Tasting notes are illustrative sample copy, not verified customer reviews.

IARC Monographs, Volume 85 (2004), areca-nut and betel-quid classification.

01 / THE MUCH-LOVED CLASSIC

INR 40

Calcutta Meetha Paan

A gentle, sweet paan with gulkand, fennel, a little coconut and colourful candied fruit, folded in a fresh betel leaf.

HOW TO PREPARE

- Rinse and pat one fresh leaf dry; trim the hard stem.
- Add a small spoon of gulkand, fennel and coconut. Keep the filling light.
- Fold into a neat triangle and serve fresh, optionally with a clove to hold the fold.

SAMPLE TASTING NOTE

“Softly sweet, fragrant and a lovely first paan for the table.”

02 / SOFT-LEAF FAVOURITE

INR 50

Maghai Meetha Paan

Made with a tender Maghai-style leaf and a mellow filling of gulkand, fennel and coconut for a delicate, aromatic finish.

HOW TO PREPARE

- Select a supple, unbroken leaf and wipe it clean.
- Spread gulkand thinly, then add fennel and fine coconut.
- Fold gently so the tender leaf stays intact; serve straight away.

SAMPLE TASTING NOTE

“Delicate leaf, floral aroma and sweetness that stays pleasantly light.”

03 / SIMPLE & AROMATIC

INR 30

Banarasi Sada Paan

A pared-back leaf with a small touch of catechu and fennel. This suggested version is made without tobacco or areca nut.

HOW TO PREPARE

- Clean and dry a fresh betel leaf.
- For trained food preparation only, spread a very small amount of food-grade catechu; add fennel.
- Fold and serve fresh. Clearly disclose ingredients and offer a plain-leaf version.

SAMPLE TASTING NOTE

“A crisp, less-sweet option for guests who like a straightforward finish.”

04 / FLORAL & FRAGRANT

INR 50

Gulkand Rose Paan

Rose-petal preserve leads this fragrant combination, balanced with fennel and a touch of coconut in a fresh leaf.

HOW TO PREPARE

- Wash and dry the leaf; check it is fresh and blemish-free.
- Add rose gulkand, a pinch of fennel and a little coconut.
- Fold snugly and serve chilled or at room temperature.

SAMPLE TASTING NOTE

“Rose-forward and gently sweet, like a little celebration in a bite.”

05 / A LITTLE MORE LUXURIOUS

INR 90

Kesar Badam Paan

A celebratory combination of saffron, finely chopped almonds, dates and a mild gulkand base. Contains tree nuts.

HOW TO PREPARE

- Soak a few saffron strands in a drop of warm milk or water.
- Mix with finely chopped almonds, date and a little gulkand.
- Fill a clean leaf, fold carefully and label clearly for nut and dairy allergens.

SAMPLE TASTING NOTE

“Saffron-scented, rich and made for a special-occasion platter.”

06 / A MODERN CROWD-PLEASER

INR 60

Chocolate Paan

A sweet-shop twist: a thin chocolate filling with crisp fennel and a light sprinkle of coconut, wrapped in betel leaf.

HOW TO PREPARE

- Use a clean, dry leaf and a small amount of chocolate spread.
- Add a pinch of fennel and coconut; avoid overfilling.
- Fold, chill briefly if desired, and serve promptly. Contains dairy if using milk chocolate.

SAMPLE TASTING NOTE

“A fun chocolate-meets-fennel contrast that gets people talking.”

07 / A COOL, FRESH FINISH

INR 70

Chilled Mint Paan

A chilled, minty variation with fennel and a touch of coconut. No active cooling agents are needed for this version.

HOW TO PREPARE

- Chill the washed leaves and serving plate; keep produce refrigerated.
- Mix fresh mint paste sparingly with fennel and fine coconut.
- Fill, fold and serve cold. Prepare close to serving time for best texture.

SAMPLE TASTING NOTE

“Bright mint and a clean finish; especially nice after a warm meal.”

08 / A THEATRICAL FINISH

INR 80

Fire Paan

A showpiece paan with a sweet, aromatic filling. The dramatic presentation is optional; flavour comes first.

HOW TO PREPARE

- Prepare the sweet filling and fold the leaf using standard food-safe handling.
- If offering a flame effect, it must be handled only by trained staff with suitable equipment and local fire-safety controls.
- Extinguish the flame fully before handoff. Never invite guests to light or eat a flaming item; offer the non-flame version by default.

SAMPLE TASTING NOTE

“A memorable conversation-starter; the no-flame version is just as enjoyable.”

09 / SEASONAL SPECIAL

INR 70

Seasonal Mango Paan

Ripe mango flavour with a little fennel and coconut, wrapped fresh. Best offered when good-quality mango is in season.

HOW TO PREPARE

- Use ripe, clean mango pulp or a prepared mango preserve; keep it chilled.
- Add a small pinch of fennel and coconut to a fresh leaf.
- Fold just before serving to keep the leaf crisp; note that availability is seasonal.

SAMPLE TASTING NOTE

“Juicy, fruity and a cheerful summer favourite when mangoes are at their best.”

10 / THE CELEBRATION PICK

INR 110

Royal Dry Fruit Paan

A generous medley of chopped almonds, pistachios, dates and raisins with a little gulkand. Contains tree nuts.

HOW TO PREPARE

- Chop the dried fruit finely and mix with a little gulkand to bind.
- Spoon a modest portion onto a washed, dried betel leaf.
- Fold neatly and serve fresh; label tree nuts clearly and prevent cross-contact.

SAMPLE TASTING NOTE

“A rich, chewy little finale that feels right at a wedding or family feast.”
